

SPECIFICATION WRITING & ARCHITECTURAL HARDWARE CONSULTING SERVICE

Hager takes pride in its reputation for maintaining the highest standards for manufacturing and distributing a full complement of quality door hardware. We extend this ethical code to our specification writing, ensuring you can trust our integrity.

Our team's extensive expertise in door hardware enables our in-house specification team to assist you from the design phase through post-construction, ensuring an objective specification every time. We offer a truly competitive product comparison, guaranteeing that your clients receive high quality and value.

GENERATIONS OF EXCELLENCE
